

Research Project resubmission

- To be completed only for those students who are resubmitting evidence of learning in the Stage 2 Research Project for Semester 1 (results due June) or Semester 2 (results due December) 2024.
- Email the completed form to askSACE@sa.gov.au.
- Refer to the [Research Project – student re-enrolment](#) page for more information.

Resubmitting students are defined as those wanting to submit modified evidence of learning in one or more assessment types(s) on the same topic as previously submitted. The maximum grade these students can be awarded is C-. This result will be reported as 'granted' on SACE documentation.

Resubmitting students will be placed in a separate assessment group by the SACE Board.

Students who resubmit evidence of learning in the Research Project are eligible to use their result in this subject in the calculation of their Australian Tertiary Admission Rank (ATAR).

Please indicate which of the assessment type(s) will be modified by the student and resubmitted for assessment. This form must be signed by the principal or the principal's delegate and returned to the SACE Board by early April for results due June and by the end of August for results due December.

Note that this is not an enrolment form; schools are required to re-enrol students in the Stage 2 Research Project in [Schools Online](#) by the due dates.

Teaching school _____

SACE Board school number

--	--	--

SACE registration number	Student name (BLOCK LETTERS)		Date of birth	Class (1, 2, etc.)	RPA or RPB	Assessment type to be resubmitted (Please mark (x) where appropriate)			Semester (1 or 2)	Year of previous enrolment
